INSPIRATIONS

FALL & WINTER 2016-17

We've seen a diverse mix of styles for the FW 2016-2017 season on the world's premiere runways. From starkly futuristic to monochrome nostalgia, we have picked up on one that especially resonated with us: the 1970's natural free-form, bohemian style. Using the 1970's classic Bohemian Rhapsody as our inspiration, itself a mix of influences and varying musical styles, we bring you our latest product introductions in **this compilation of lively pulsating trends**.

This all-new flowing, yet **elegant style** sees a blurring of boundaries between melodies, epochs, and cultures, and the melding of rustic country life and urban nightlife. Undeniably eclectic, the nature-inspired abstracts and free creativity have a certain idiosyncratic charm and sophistication. Sometimes harmonic, sometimes sharply contrasting, its tones nonetheless **flow easily from pop to opera, from ballad to hard rock**. There is something for everyone in this brilliant blend of easy "anything-goes" musical beats.

What we love most about this "lyrical melange" is that PRECIOSA Crystal Components can be integrated into any style in completely different, unexpected yet amazingly uplifting ways. **Find your own harmony with these new inspiring products**, and dare to use them in new innovative ways. Break out, and create a beautifully free-flowing rhapsody of your own!
